

Authorised Signatory Information Form

We need to verify the identity of the signatories on the account(s). We use agencies including fraud prevention agencies to help us do this and where we can, we do so electronically. Where we cannot verify the identity of these individuals electronically we will require identification and proof of address to be provided. If we need this we will contact you at a later date and advise you of the type of document which will need to be provided.

Details of Authorised Signatory :	
Title Mr / Mrs / Miss / Ms
