When we charge these Miscellaneous ancillary fees and service charges to your account

Miscellaneous ancillary fees and service charges are usually charged to your account at the time of the provision of the service with the exception of additional regular statements, additional one off statements and print out list of entries. Before we charge these statement fees to your account, we will write to you and tell you the amount that we will charge. The amount we will charge is worked out at the end of each month and we will charge this amount to your account on the last business day of the next month. We will combine all of the service charges that are shown on your pre-notification and charge them as one amount.

Unpaid transaction fee and Paid transaction fee

If an item such as a cheque, direct debit or standing order is presented for payment on your account and you do not have enough money in your account or your arranged overdraft or arranged excess is not enough to cover the payment, the following fees and service charges can apply.

Type of fee	Amount	When we will charge the fee
Unpaid transaction fee: When we refuse an item due to lack of funds on your account (sometimes known as 'bouncing' an item).		We will charge an unpaid transaction fee on the day that the item is refused. It will be shown on your statement as 'Unpaid transaction fee (Direct Debits)', 'Unpaid transaction fee (Standing Orders)' or 'Unpaid transaction fee (Cheques)'. We charge for each item that is refused (in other words, each item that 'bounces')
Unpaid transaction fee (sterling accounts)	£1.50	
Unpaid transaction fee (Euro accounts)	€1.50	
Paid transaction fee: When an item or group of items is paid on your account despite lack of funds and your account is outside, or goes outside, your arranged overdraft limit or arranged excess (or you have a debit balance and no arranged overdraft in place).		We will charge a paid transaction fee on the day the items are paid. This will appear on your statement as 'Paid transaction fee' and will always be £15, no matter how many items are paid. We may choose not to charge a paid transaction fee if your balance is only just beyond your arranged overdraft limit or arranged excess or, if you do not have an arranged overdraft, if your account only just goes overdrawn
Paid transaction fee (sterling accounts)	£15	
Paid transaction fee (Euro accounts)	Free
